STONE GROUND - BAKERY, INC. -

Our story begins in 1979 when Hans Schmerse opened Stone Ground Bakery in the style of a small European bread shoppe. Using old-world baking techniques, centuries-old family recipes and a passion for bread, Han's' small bakery soon had a reputation as one of the finest in town.

Today, Stone Ground Bakery continues to use a traditional style of baking and original recipes. In addition, our master bakers have traveled the country studying with renowned bakers and sharing old-world secrets. The result is bread with succulent aroma, consistent texture and perfect crust.

Our product line doesn't stop at bread...
